CAREER OBJECTIVE

B.Tech CSE student with a Minor in Data Science (AI-ML) from IIT Mandi. Skilled in Python, machine learning, and computer vision with hands-on experience building and deploying AI-powered web applications. Seeking SDE or AI/ML Engineer roles at product-based companies.

EDUCATION

B.Tech – Computer Science & Engineering | JECRC University, Jaipur

July 2024 – Present

Minor in Data Science (AI-ML) | Indian Institute of Technology, Mandi

June 2024 – November 2025

WORK EXPERIENCE

Customer Operations Expert | Teleperformance, Jaipur

July 2025 – September 2025

- Managed 50+ daily customer interactions while maintaining SLA compliance and high CSAT scores
- Resolved escalated issues in a high-volume environment, improving cross-team resolution workflows

PROJECTS

PassportSnap – AI-Powered Passport Photo Generator | Python, OpenCV, Flask

Sept 2025 – Oct 2025 | github.com/nish-coder04

- Developed a Flask web app for automated passport photo generation with face detection and background removal
- Reduced manual photo editing effort by ~80% using OpenCV and rembg for computer vision pipeline

QuickCompare – Quick Commerce Price Comparator | Python, Flask, SQLite, Selenium

April 2026 – May 2026 | github.com/nish-coder04

- Built a web scraping tool to compare real-time product prices across Blinkit, Zepto, and Instamart
- Led a 3-member team; designed the SQLite data layer and authored a full technical architecture report

Personal Portfolio Website | HTML, CSS, JavaScript

April 2026 | nishtha-ns.vercel.app

- Designed and deployed a responsive portfolio with an interactive neural-network animation and Formspree contact form

CERTIFICATIONS & VIRTUAL EXPERIENCE

Deloitte Australia – Technology Job Simulation | Forge

2026

- Completed tasks in coding, data analysis, and technology consulting in a simulated professional environment

SKILLS

Languages: Python, C, C++

ML/AI: NumPy, Pandas, Scikit-learn, OpenCV, Matplotlib

Web & Tools: Flask, Streamlit, Selenium, Git, GitHub, VS Code, SQL, SQLite

Core CS: Data Structures & Algorithms, OOP, OS, DBMS, Computer Networks

EXTRA-CURRICULAR ACTIVITIES

PR Member – JU Verse Festival | JECRC University

- Managed event promotions and audience engagement; coordinated across teams for successful execution

Event Volunteer – IPL 2025 | SMS Stadium, Jaipur

- Supported operations across 4 IPL matches, assisting with crowd management and on-ground coordination
